

## LIQUID WAX CLEANER SPRAY

Cleans and refreshes in one step!

3029 Clear, Spray

1 APPLICATION

### PRODUCT DESCRIPTION

Osmo Liquid Wax Cleaner Spray perfectly both cleans and regenerates interior wooden flooring with Polyx®-Oil surfaces, furniture as well as other interior oiled and waxed wood surfaces.

Through appropriate care, the surface is provided with the natural, safe hard waxes (carnauba and candelilla waxes). The floor stays hard-wearing without forming a film.

### RECOMMENDED USE

Osmo Liquid Wax Cleaner Spray can be used on nearly all white spirit resistant surfaces such as wood, cork, Linoleum, PVC, some plastic surfaces, stone, marble and ceramic tiles.

The wax is dirt-resistant. Even strong dirt and stains do not penetrate into the surface. Carry out a trial application on unfamiliar surfaces.

### CONTAINS

Based on natural, vegetal waxes (carnauba- and candelilla-wax), paraffins, Disaromatized white spirit (benzene-free). Complies with Environment Canada VOC regulations (SOR/2009-264). Full declaration of ingredients upon request.

### TECHNICAL DATA

Specific weight: 0.77-0.8 g/cm<sup>3</sup>

Viscosity: not applicable

Odour: faint/mild, odourless after drying

Flash point: not applicable to aerosols

### STORAGE

5 years and longer

### SURFACE PREPARATION

The surface must be clean and dry, this can easily be achieved by dusting, damp mopping or simply vacuuming the surface. The Osmo Opti-Set (Dust-Mop, Micro-Mop Plush and Active Fibre Cloth) is perfect for the cleaning and maintenance of wooden floors.

Floor surfaces which are prone to heavier traffic, for example in commercial areas, should firstly be damply mopped (water with Osmo Wash and Care) and allowed to dry before applying Liquid Wax Cleaner.

### DIRECTIONS FOR USE

Shake well before use.

For maintenance, hold spray can upright and spray sparingly on the clean and dry surface at a distance of about 30 cm (12 inches), and massaged in evenly with a cloth or a Scotchpad.

To remove stains, spray directly onto the stain – for especially tough stains, use a cloth or Scotchpad.

Clean off the dirt after removing the stain.

### CLEANING OF TOOLS

With Osmo Brush Cleaner and Thinner (free of aromatic compounds).

### DRYING TIME

Approx. 30-40 minutes (normal climatic conditions, 23 °C/50 % rel. humidity). Lower temperatures and/or higher air humidity can increase the drying time.

Ventilate well while drying.

### COVERAGE

The coverage of Osmo Liquid Wax Cleaner Spray depends significantly on surface absorption and on the level of contamination. 1 litre spray covers approx. 860 ft<sup>2</sup>-1076 ft<sup>2</sup> (80-100 m<sup>2</sup>).

## NOTE

Through the routine application of hard waxes (carnauba and candelilla waxes), the flooring is refreshed and its resistance to stains and wear is improved. However it is absolutely essential in the course of years to reapply the necessary oil ingredients in Polyx®-Oil to the floor. Only spray very sparingly otherwise traffic marks may appear.

## HAZARD STATEMENTS

## EXTREME DANGER

**VERY FLAMMABLE. CONTENTS UNDER PRESSURE. CONTENTS MAY CATCH FIRE. CONTAINER MAY EXPLODE IF HEATED.** Do not puncture. Do not burn. Do not smoke. Do not get in eyes. Do not get on skin or clothing. Keep out of reach of children. Use only in a well-ventilated area. Keep away from flames, such as a pilot light, and any object that sparks, such as an electric motor. Store away from heat.

**FIRST AID TREATMENT.** Contains aliphatic hydrocarbons. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for 15 minutes. If on skin, rinse well with water.

## DISPOSAL

Dispose of leftover product and completely emptied packaging according to local official guidelines (waste code number 08 01 11). Only completely emptied cans can be recycled.

## COLOUR TONES

3029 Clear, Spray

## SIZES

400 mL Spray
