

Full declaration of ingredients **UV-Protection-Oil**

Binding agents:

- Based on the renewable plant raw materials: sunflower oil, soya oil, thistle oil and linseed oil

Solvents:

- Aliphatic hydrocarbons = dearomatized white spirit (benzene-free)

Additives:

- Siccatives (are obtained from the respective minerals and are lead-free)
- Ketoximes
- Polysiloxanes (on basis of silicic acid)
- UV-absorber

The listed ingredients serve to regulate the drying process and to prevent film formation (5 years storage stability) and as a strong water repellent. The UV-absorber increases the weathering and aging resistance.

Osmo UV-Protection-Oil does not contain biocides and no preservatives.

The dried finish is safe for humans, animals and plants (in compliance with the German Industrial Norm DIN 53160 (resistant to perspiration and saliva) and Euro Norm EN 71.3 (children's toys safety).
